

Dear year 6 students,

Welcome to St Francis! When I first started this school, I was anxious and scared because it was a huge change. When I first arrived, I got a warm welcome and we went to the assembly hall, after I met my teachers and met all the children in my form I immediately knew I would fit in and now after many months I love it here.

My favourite part about St Francis is that everyone welcomes you and you feel like this is your home. I promise you that you will enjoy your time here and it will be spent with joy as you move on. I look forward to meeting you all.

Yours sincerely,

Imogen
