

Dear year 6 students,

St Francis is a great Catholic school. The teachers and food are lovely and everyone is very polite. I know it can be scary moving to a bigger school with bigger people, but trust you will get used to it and get know and like it. There are people who take care of you and nice people go there so you can make great friends. It can be a bit hectic sometimes, but all secondary schools can be. It's a great school, good luck and welcome to St Francis.

Sebastian.
