**NHS Allied Healthcare Virtual Work Experience Day** - This programme is available to support aspiring healthcare students as an alternative to in-person NHS work experience during the pandemic. (Please note that this does cost £10)

During the work experience day, students will follow 2 patients from their initial presentation to recovery. Students will observe the healthcare professionals as they interact with the patients and also each other. Students will have an opportunity to ask questions and gain knowledge through teaching. This will help students to make an informed career decision as well as learn about how healthcare professionals work together as part of a multidisciplinary team.

You can learn more and register for the programme here:
